01 Introduction

The digital and technological era has transformed the political landscape, where communication continues to develop through traditional media but where the presence in social networks is gaining more and more importance. A scenario that marks the current political marketing strategies and where any professional who directs the communication strategy of any political party or ruler must be fluent. For this reason, TECH has created this program that offers a practical stay in a leading company in the field of political communication and marketing. A 3-week stay with the best specialists in this field will show the professional the methods used in an area of great hardness, especially in the electoral process.

Immerse yourself in an agency specialized in Political Marketing and integrate in your daily professional performance the best strategies in institutional communication”

The presence of politicians and the parties to which they belong on the Internet, especially on social networks, has led to the establishment of communication campaigns of such intensity that each publication seeks to attract new voters and mobilize the electorate. A new form of political management and action in response, at times, to online requests from citizens.

A new paradigm must be mastered by any professional who wishes to direct the Marketing and Political Communication strategy of any ruler or political organization. For this reason, TECH has created this Internship Program, which offers a stay in a leading communication company in this field.

It consists of 3 intensive weeks, where the professional will be able to improve their *Soft Skills* and management skills, with the help of real experts in this field, who perfectly master the communicative language in the political field, the planning of institutional communication or crisis management in this area. All this will also enhance your skills, which will lead you to hold positions of greater responsibility in political parties, agencies, and any other institution related to this exciting area of work.

“

The teaching materials of this program, elaborated by these specialists, have contents that are completely applicable to your professional experiences”

02

Why Study an Internship Program?

TECH moves away from the theoretical framework in this program to respond to the real needs of professionals who already have knowledge in Marketing and Political Communication and wish to progress in this field through practice. That is why this academic institution has designed this intensive Internship Program that will take you to a prestigious communication agency. An ideal scenario to learn from the hand of the best specialists, the strategies used for the planning and development of political communication, either in electoral campaign, as throughout the course. A unique academic opportunity that revolutionizes the pedagogical systems and puts the specialist at the center of the equation offers them very useful learning in their professional progress.

TECH is the only university that offers you the possibility of entering the most demanding Marketing and Political Communication companies to learn first-hand about the leadership of these departments”

1. Updating from the latest technology available

The incursion of political organizations and institutions on the Internet and, especially on social networks, forces political communication professionals to master these tools and all those that facilitate public opinion on certain political actions. For this reason, and in order to bring the professional closer to this technology, TECH has created this Internship Program, with which the specialist will enter a prestigious agency in the communication sector, accessing the most used digital tools today.

2. Gaining In-Depth Knowledge from the Experience of Top Specialists

06 General Conditions

Civil Liability Insurance

This institution's main concern is to guarantee the safety of the trainees and other collaborating agents involved in the internship process at the company. Among the measures dedicated to achieve this is the response to any incident that may occur during the entire teaching-learning process.

To this end, this entity commits to purchasing a civil liability insurance policy to cover any eventuality that may arise during the course of the internship at the center.

This liability policy for interns will have broad coverage and will be taken out prior to the start of the practical training period. That way professionals will not have to worry in case of having to face an unexpected situation and will be covered until the end of the internship program at the center.

General Conditions of the Internship Program

The general terms and conditions of the internship agreement for the program are as follows:

1. TUTOR: During the Internship Program, students will be assigned with two tutors who will accompany them throughout the process, answering any doubts and questions that may arise. On the one hand, there will be a professional tutor belonging to the internship center who will have the purpose of guiding and supporting the student at all times. On the other hand, they will also be assigned with an academic tutor, whose mission will be to coordinate and help the students during the whole process, solving doubts and facilitating everything they may need. In this way, the student will be accompanied and will be able to discuss any doubts that may arise, both clinical and academic.

2. DURATION: The internship program will have a duration of three continuous weeks, in 8-hour days, 5 days a week. The days of attendance and the schedule will be the responsibility of the center and the professional will be informed well in advance so that they can make the appropriate arrangements.

3. ABSENCE: If the students does not show up on the start date of the Internship Program, they will lose the right to it, without the possibility of reimbursement or change of dates. Absence for more than two days from the internship, without justification or a medical reason, will result in the professional's withdrawal from the internship, therefore, automatic termination of the internship. Any problems that may arise during the course of the internship must be urgently reported to the academic tutor.

4. CERTIFICATION: Professionals who pass the Internship Program will receive a certificate accrediting their stay at the center.

5. EMPLOYMENT RELATIONSHIP: The Internship Program shall not constitute an employment relationship of any kind.

6. PRIOR EDUCATION: Some centers may require a certificate of prior education for the Internship Program. In these cases, it will be necessary to submit it to the TECH internship department so that the assignment of the chosen center can be confirmed.

7. DOES NOT INCLUDE: The Internship Program will not include any element not described in the present conditions. Therefore, it does not include accommodation, transportation to the city where the internship takes place, visas or any other items not listed.

However, students may consult with their academic tutor for any questions or recommendations in this regard. The academic tutor will provide the student with all the necessary information to facilitate the procedures in any case.
