01 Welcome

Digital marketing has revolutionized the way in which businesses carry out their publicity campaigns and the relationship they maintain with their clients. Consumer now plays a much more active role in the commercial relationship and, therefore, the user experience also has to be much more beneficial, as it is a more personal transaction. In addition, e-commerce is here to stay, so companies must master this new sales channel, a fundamental part of the digital transformation. To help you become more competitive in this field, we have created this truly innovative academic program with which professionals can reach the highest point in their sector.

Postgraduate Diploma Marketing and User Experience in the Digital Environment
TECH Technological University

“

The figure of the upright, inflexible and authoritarian manager has become obsolete. A new profile has emerged, one that is much more in line with new trends and stands out for being technologically savvy, practising active listening and being self-critical of their work”

02

Why Study at TECH?

TECH is the world's largest 100% online business school. We are an elite business school, with a model based on the highest academic standards. A world-class centre for intensive managerial skills training.

“

Our university is at the forefront of technology and we put all our resources at your disposal to help you achieve business success”

TECH - Technological University

Innovation

We offer you an online learning model that combines the latest educational technology with the most rigorous teaching methods. A unique, internationally recognised method that will provide you with the keys to develop in a constantly evolving world, where every entrepreneur must be committed to innovation.

"*Microsoft Europe Success Story*", for integrating the innovative, interactive multi-video system into our programs.

The Highest Standards

Our admission criteria is not based on the economic situation of an individual. You don't need to make a large investment to study with us. However, to become a TECH graduate, we will push your intelligence and problem-solving skills to the limit. Our academic standards are very high...

95% | of TECH students successfully complete their studies

Networking

Professionals from all Spanish-speaking countries attend TECH, so you will be able to create a large network of contacts that will aid you in the future.

38000

executives trained each year

23

different nationalities

Empowerment

Grow hand in hand with the best, most prestigious and influential companies and professionals. We have developed strategic partnerships and a valuable network of contacts with major economic players both in Europe and America.

500+ | collaborative agreements with leading companies

Talent

Our program is a unique initiative to showcase your talent in the business world. An opportunity that will allow you to voice your concerns and share your business vision.

Show the world your talents after completing this program.

Multicultural Context

Share a unique experience with us. You will be studying in a multicultural context. In a program with a global vision, which will allow you to learn about the working methods in different parts of the world, gathering the most innovative information that best suits your business idea.

Our students represent more than 35 different nationalities..

At TECH we strive for excellence and, to this end, we boast a series of characteristics that make us unique:

Analysis

We explore your critical side, your ability to question things, your problem-solving skills, as well as your interpersonal skills.

Academic Excellence

We offer you the best online learning methodology. We combine the Re-learning method (the most internationally recognized postgraduate learning methodology) with Harvard Business School's case studies. A complex balance of traditional and state-of-the-art methods, within the most demanding academic framework.

Economy of Scale

We are the biggest. TECH currently boasts a portfolio of more than 7,000 university postgraduate programs. And in today's new economy, **volume + technology = a ground-breaking price.** This way, we ensure that studying is not as expensive for you as it would be at another university.

Learn with the Best

In the classroom, our teaching staff discuss how they have achieved success in their companies, working in a real, lively, and dynamic context. Teachers who are fully committed to offering you a quality specialization that will allow you to advance in your career and stand out in the business world.

Teachers representing 20 different nationalities.

At TECH you will have access to Harvard Business School case studies."

03

Why Our Program?

Studying this TECH program means increasing your chances of achieving professional success in senior business management.

It is a challenge that demands effort and dedication, but it opens the door to a promising future. You will learn from the best teaching staff and with the most flexible and innovative educational methodology.

“

We have highly qualified teachers and the most complete syllabus on the market, which allows us to offer you training of the highest academic level"

This program will provide you with a multitude of employment and personal advantages, among which we highlight the following:

01

A strong career boost

We give you the opportunity to take control of your future and develop your full potential. By completing our program you will acquire the necessary skills to make a positive change in your career in a short period of time.

70% of students achieve positive career development in less than 2 years.

02

Develop a strategic and global vision of companies.

Structure and Content

The Postgraduate Diploma in Marketing and User Experience in the Digital Environment at TECH Technological University is a truly innovative program created with the aim of encouraging the professional growth of our students in a highly demanding professional field. To do this, they are shown everything related to digital marketing and e-commerce, so that they are able to understand the process of digital transformation of their businesses.

“

Meticulously designed by industry professionals who have poured their experience and expertise into the development of this prestigious program"

Syllabus

The content of the Postgraduate Diploma in Marketing and User Experience in the Digital Environment has been created in order to offer students the most comprehensive information on marketing and the digital transformation. Through a unique program, the student will have access to all the knowledge that must be put into practice to drive a digital business forward, relying on marketing and user experience.

To achieve this, throughout the 450 hours of study, the student will have the opportunity to carry out a multitude of practical cases that will be related to the theoretical contents and that, therefore, will be fundamental to consolidate all that has been learned. It is, without a doubt, a real immersion in real work situations, since they will have to try to solve exercises simulating real events.

A plan designed for the students, focused on their effective learning that will mark a before and after in their training. A program that understands the needs of students and, therefore, is offered in a 100% online format, so that the student can determine how much time to dedicate to each module, at what time and from where to study. Undoubtedly, it offers all the facilities that 21st century students need.

This Postgraduate Diploma takes place over 6 months and is divided into 3 modules:

Module 1	Digital Marketing: The Transformation of Communication and Marketing
Module 2	User Experience Management in a Digital Ecosystem
Module 3	E-commerce: New Sales Channels

Where, when, and how it is taught

TECH offers you the possibility to study this Postgraduate Diploma completely online. Throughout the 6 months of training, you will be able to access all the contents of this program at any time, allowing you to self-manage your study time.

A unique, key, and decisive educational experience to boost your professional development and make the definitive leap.

1.4. Communication Objectives

- 1.4.1. Types of Objectives
- 1.4.2. *Branding*
- 1.4.3. *Performance*
- 1.4.4. SMART Objectives

1.5. Target Audience

- 1.5.1. How Should Be defined
- 1.5.2. Segmentation
- 1.5.3. Personal *Buyer*

1.6. Communication Strategy

- 1.6.1. *Insights*
- 1.6.2. Positioning
- 1.6.3. The Message

1.7. Digital Marketing Tools I: The Web

- 1.7.1. Web
- 1.7.2. Web Types
- 1.7.3. Operation
- 1.7.4. Content Management System (CMS)

1.8. Digital Marketing Tools II: Search Engines

- 1.8.1. Search Engine Marketing
- 1.8.2. SEO
- 1.8.3. SEM

1.9. Digital Marketing Tools III: Social Media

- 1.9.1. Types of Networks
- 1.9.2. *Social Media Optimization*
- 1.9.3. *Social Ads*

1.10. Digital Marketing Tools IV: Other Tools

- 1.10.1. *Emailing*
- 1.10.2. Affiliation
- 1.10.3. *Display*
- 1.10.4. Videos

Module 2. User Experience Management in a Digital Ecosystem

2.1. User Experience

- 2.1.1. User Experience and Its Value
- 2.1.2. Why it Cannot Be Analyzed as an Isolated Entity
- 2.1.3. Process: *Lean UX*

2.2. User Experience Research Techniques in a Digital Ecosystem I: *User Research*

- 2.2.1. *User Research*
- 2.2.2. Key Methods
- 2.2.3. Practical Application

2.3. User Experience Research Techniques in a Digital Ecosystem II: *User Research Strategy*

- 2.3.1. Other *User Research* Methods
- 2.3.2. Methodologies to Be Used According to Project
- 2.3.3. Combination with Other Data

2.4. User Experience Research Techniques in a Digital Ecosystem III: *User Interviews*

- 2.4.1. When to Do Them and Why
- 2.4.2. User Interview Types
- 2.4.3. Practical Application

2.5. User Experience Research Techniques in a Digital Ecosystem IV: *People*

- 2.5.1. Definition and Identification
- 2.5.2. Creation
- 2.5.3. Application of this Methodology in Practice

2.6. User Experience Research Techniques in a Digital Ecosystem V: *Usability Testing*

- 2.6.1. Step-by-step Instructions on How to Conduct Your Own Usability Studies
- 2.6.2. Objectives, Benefits and Limitations
- 2.6.3. Application of this Methodology in Practice

2.7. User Experience Research Techniques in a Digital Ecosystem VI: *Remote Usability Tests*

- 2.7.1. Definition and Types
- 2.7.2. Tools and How to Recruit Users
- 2.7.3. Data Analysis and Presentation of Findings

2.8. User Experience Research Techniques in a Digital Ecosystem VII: *User Experience Analysis*

- 2.8.1. What to do When We Have No Data on Our Users
- 2.8.2. Usability Inspection Methods
- 2.8.3. Other techniques

2.9. User Experience Research Techniques in a Digital Ecosystem VIII: MVP

- 2.9.1. Formulate Hypotheses to be Validated and Prioritize Them
- 2.9.2. MVP and Its Benefits
- 2.9.3. Most Common Mistakes

2.10. User Experience Research Techniques in a Digital Ecosystem IX: Web Analytics

- 2.10.1. *User Research and Analytics*
- 2.10.2. *UX Discovery, Optimization and Goals*
- 2.10.3. Define Metrics

Module 3. E-commerce: New Sales Channels

3.1. E-Commerce and E-Commerce Types

- 3.1.1. Sales Channels
- 3.1.2. Origin of E-Markets
- 3.1.3. Advantages and Challenges
- 3.1.4. *E-Commerce Types*

3.2. E-Commerce Strategy and Competitive Advantage

- 3.2.1. Key Success Factors
- 3.2.2. *The Long Tail*
- 3.2.3. Competitive Advantage in Online Selling

3.3. Technology

- 3.3.1. Technology Requirements
- 3.3.2. Elements of a Sales Platform
- 3.3.3. Platform Types

3.4. Surgery

- 3.4.1. Online Sales Operations
- 3.4.2. Operational and Logistical Processes
- 3.4.3. Customer Service

3.5. Means of Payment

- 3.5.1. Relevance
- 3.5.2. Main Means of Payment
- 3.5.3. Fraud and Its Management

3.6. Online Sales

- 3.6.1. Levers
- 3.6.2. Visits
- 3.6.3. Conversion
- 3.6.4. Average Order

3.7. Sales Funnel

- 3.7.1. *Sales Funnel* Development
- 3.7.2. *Engagement*
- 3.7.3. *Check Out*

3.8. Loyalty

- 3.8.1. Customer Relationship Management (CRM)
- 3.8.2. Process
- 3.8.3. Segmentation

3.9. Internationalisation.

- 3.9.1. First stage
- 3.9.2. Second Stage
- 3.9.3. Third stage
- 3.9.4. Fourth Stage

3.10. Omnichannel

- 3.10.1. Cell Phone Impact
- 3.10.2. Multichannel vs. Omnichannel
- 3.10.3. Omnichannel Challenges

06

Methodology

This training provides you with a different way of learning. Our methodology uses a cyclical learning approach: ***Re-learning***.

This teaching system is used, for example, in the most prestigious medical schools in the world, and major publications such as the ***New England Journal of Medicine*** have considered it to be one of the most effective.

“

Discover Re-learning, a system that abandons conventional linear learning, to take you through cyclical teaching systems: a way of learning that has proven to be extremely effective, especially in subjects that require memorization"

At TECH Business School we use the Harvard case method.

Our program offers you a revolutionary approach to developing your skills and knowledge. Our goal is to strengthen your skills in a changing, competitive, and highly demanding environment.

“

At TECH you will experience a way of learning that is shaking the foundations of traditional universities around the world."

We are the first online university to combine Harvard Business School case studies with a 100% online learning system based on repetition.

A learning method that is different and innovative.

This TECH Business School program is an intensive training program that prepares you to face any challenge in this field, both on a national and international level. We are committed to promoting your personal and professional growth, the best way to strive for success, that is why at TECH Technological University you will use Harvard case studies, with which we have a strategic agreement that allows us to offer you material from the best university in the world.

“ *You will learn, through collaborative activities and real cases, how to solve complex situations in real business environments.* **”**

Our program prepares you to face new challenges in uncertain environments and achieve success in your career.

The case method has been the most widely used learning system among the world's leading business schools for as long as they have existed. The case method was developed in 1912 so that law students would not only learn the law based on theoretical content. It consisted of presenting students with real-life, complex situations for them to make informed decisions and value judgments on how to resolve them. In 1924, Harvard adopted it as a standard teaching method.

In a given situation, what would you do? This is the question that you are presented with in the case method, an action-oriented learning method. Throughout the program, you will be presented with multiple real cases. You will have to combine all your knowledge, and research, argue, and defend your ideas and decisions.

Re-Learning Methodology

Our University is the first in the world to combine Harvard University case studies with a 100% online learning system based on repetition, which combines different teaching elements in each lesson.

We enhance Harvard case studies with the best 100% online teaching method: Re-learning.

Our online system will allow you to organize your time and learning pace, adapting it to your schedule. You will be able to access the contents from any device with an internet connection.

At TECH you will learn using a cutting-edge methodology designed to train the executives of the future. This method, at the forefront of international teaching, is called Re-learning.

Our business school is the only one in Spanish-speaking countries licensed to incorporate this successful method. In 2019 we managed to improve our students' overall satisfaction levels (teaching quality, quality of materials, course structure, objectives...) based on the best Spanish online university indicators.

In our program, learning is not a linear process, but rather a spiral (we learn, unlearn, forget, and re-learn). Therefore, we combine each of these elements concentrically.

With this methodology we have trained more than 650,000 university graduates with unprecedented success. In fields as diverse as biochemistry, genetics, surgery, international law, management skills, sports science, philosophy, law, engineering, journalism, history, markets, and financial instruments. All this in a highly demanding environment, where the students have a strong socio-economic profile and an average age of 43.5 years.

Re-learning will allow you to learn with less effort and better performance, involving you more in your specialization, developing a critical mindset, defending arguments, and contrasting opinions: a direct equation to success.

Based on the latest evidence in neuroscience, not only do we know how to organize information, ideas, images, memories, but we also know that the place and context where we have learned something is crucial for us to be able to remember it and store it in the hippocampus, and retain it in our long-term memory.

In this way, and in what is called neurocognitive context-dependent e-learning, the different elements in our program are connected to the context where the individual carries out their professional activity.

In this program you will have access to the best educational material, prepared with you in mind:

Study Material

All the teaching materials are specifically created for the course by specialists who teach on the course so that the teaching content is highly specific and precise.

This content is then adapted in an audiovisual format that will create our way of working online, with the latest techniques that allow us to offer you high quality in all of the material that we provide you with.

Classes

There is scientific evidence suggesting that observing third-party experts can be useful.

Learning from an expert strengthens knowledge and memory, and generates confidence in our difficult future decisions.

Management Skills Exercises

You will carry out activities to develop specific managerial skills in each subject area. Exercises and activities to acquire and develop the skills and abilities that a senior manager needs to develop in the context of the globalization we live in.

Additional Reading

Recent articles, consensus documents, international guides... in our virtual library you will have access to everything you need to complete your training.

Case Studies

You will complete a selection of the best business cases used at Harvard Business School. Cases that are presented, analyzed, and supervised by the best senior management specialists in Latin America.

Interactive Summaries

We present the contents attractively and dynamically in multimedia lessons that include audio, videos, images, diagrams, and concept maps in order to reinforce knowledge.

This unique multimedia content presentation training system was awarded by Microsoft as a "European Success Story".

Testing & Re-Testing

We periodically evaluate and re-evaluate your knowledge throughout the program. We do this on 3 of the 4 levels of Miller's Pyramid.

07

Our Students' Profiles

Our Postgraduate Diploma in Marketing and User Experience in the Digital Environment is a program aimed at managers and executives who want to update their knowledge, discover new ways of advancing in their professional career through the digitalization of their businesses. Postgraduate Diploma

Marketing and User Experience
in the Digital Environment

The image shows a laptop screen with a website design. The main heading on the screen is 'OPTIMIZING USER EXPERIENCE' in large, bold, dark blue letters. Above it, the words 'HOME PRODUCT' are visible in a smaller font. Below the main heading, there is a section titled 'HOW IT WORKS' in bold, dark blue letters. Underneath this section, there are four circular icons: a red one with a white chart, a yellow one with a blue location pin, a blue one with a white document and a dollar sign, and a red one with a white globe. The background of the website design is light blue with white clouds. The laptop is shown from a low angle, with the keyboard and trackpad visible. The overall image has a modern, clean aesthetic with geometric shapes and a color palette of blues, greys, and whites.
