Why Is it Important to Obtain B1 Certification?

The contemporary world is extremely competitive and one must have the best educational and accreditation tools to adapt to it. Therefore, it is essential to obtain a language certification, especially when it comes to German, which can give access to important jobs, scholarships or exchange programs.

Thus, there are many areas in which it is essential to have a B1 German diploma, especially when it is a certificate in accordance with the standards of the Common European Framework of Reference for Languages, which is the most important international recognition system.

“

Level B1 German is required in numerous work processes and academic and institutional procedures, both public and private”

tech 10 | Why Is it Important to Obtain B1 Certification?

TECH Technological University

The Common European Framework of Reference for Languages is the only recognized and accredited system for assessing a student's level of proficiency. Although there are other certification systems, these come from private institutions and are, therefore, not valid. The CEFR establishes a single criterion to determine the difficulty of the courses and awards diplomas that are recognized throughout the European Union.

At TECH we offer you the test to obtain your level certificate based 100% on the CEFR, the only system recognized and accepted throughout Europe.

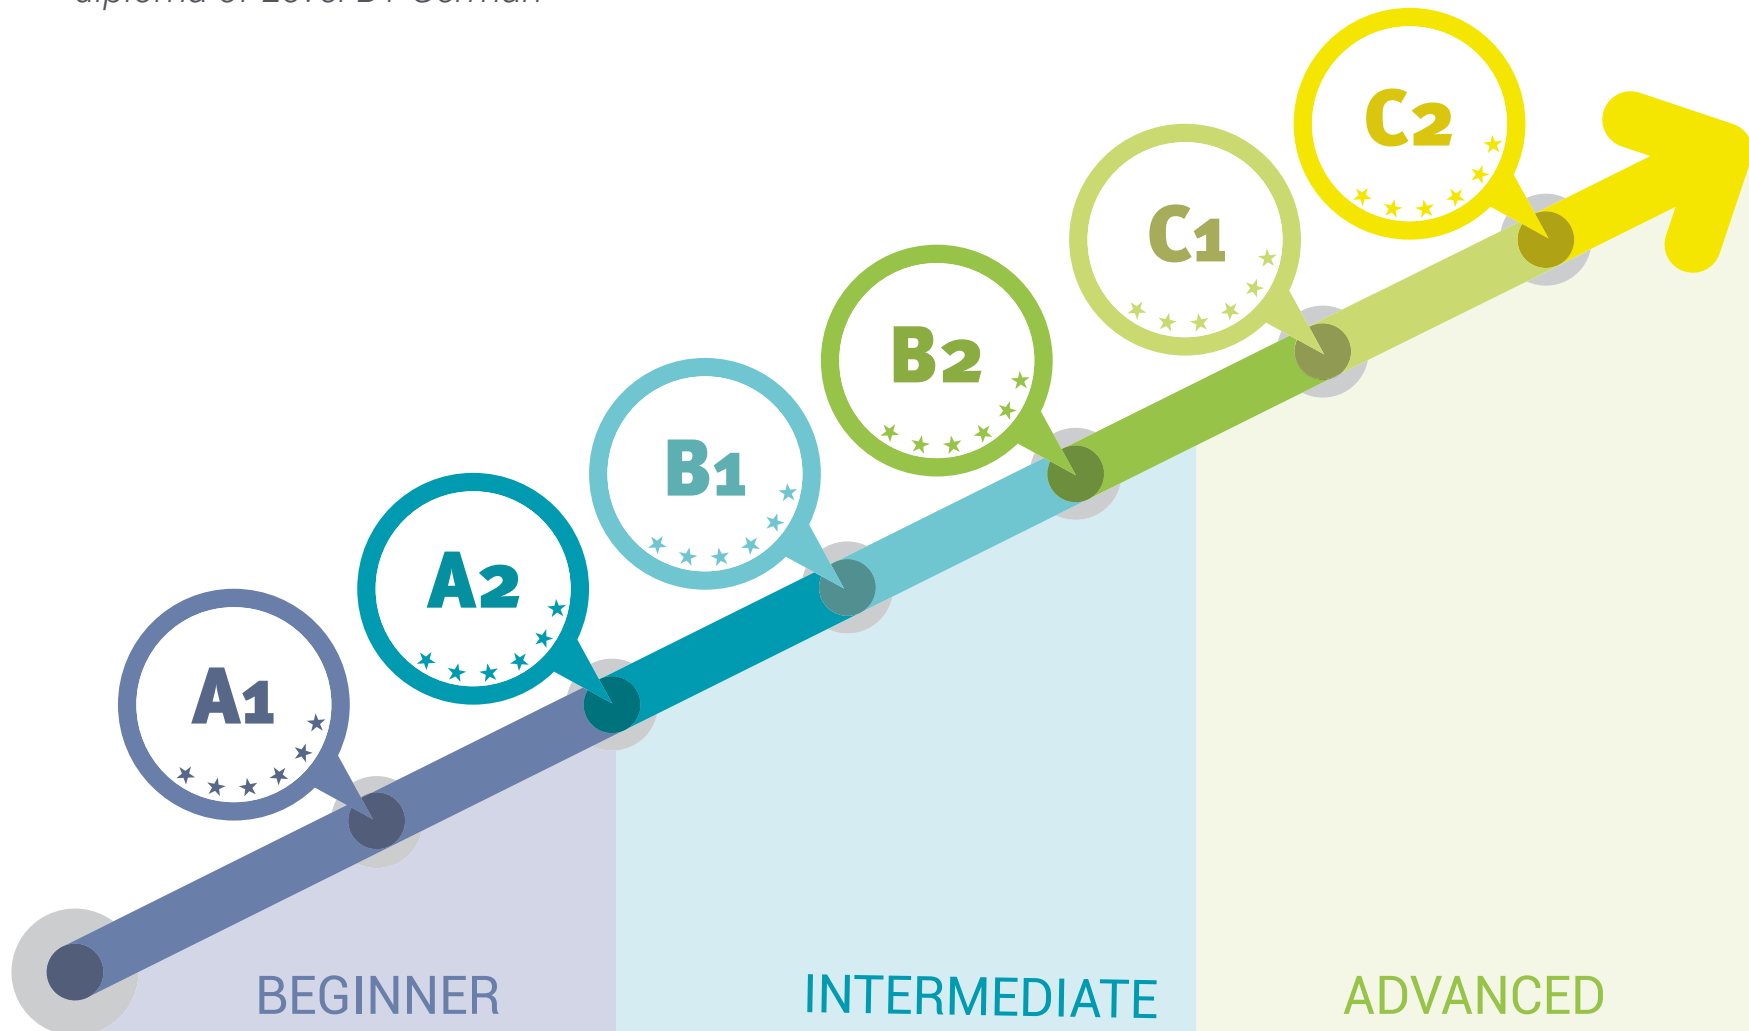

The CEFR is internationally recognized and its prestige will help you on a professional level.

The German B1 certificate endorsed by the CEFR does not require constant renewal like other accreditation systems: it is for life.

Improve your future prospects by improving your resume. Pass this test and get a diploma of Level B1 German"

03

Methodology and Criteria for Exam Evaluation

Accrediting a language means demonstrating by means of a proficiency test that one has a certain level of linguistic competence in a given language. This examination leads to accreditation. Accreditation bodies undergo rigorous quality control in all aspects of proficiency testing.

“

TECH complies with these standards and bases its examination methodology 100% on the recommendations of the CEFR”

What are the B1 Level Skills?

01

Can understand the main points of clear, standard-language texts on familiar matters, whether in work, study or leisure situations

02

Knows how to deal with most of the situations that may arise during a trip in areas where the language is used

Level B1 reflects the Threshold Level specification for a traveler going to a foreign country, and has two main features. The first is the ability to maintain interaction and make oneself understood in a variety of situations. For example:

- ♦ Generally understands the main ideas of extended discussions around them, provided the discourse is clearly articulated at a standard language level.
- ♦ Offers and asks for opinions in an informal discussion with friends
- ♦ Expresses in an understandable way the main idea you want to get across
- ♦ Flexibly uses broad and simple language to express much of what it wants to express
- ♦ Able to hold a conversation or debate, but can sometimes be difficult to understand when they try to say exactly what they want to say.
- ♦ Express themselves comprehensibly, although their pauses for some grammatical and lexical planning and some corrections are evident, especially in long periods of free production

03

Produce simple and coherent texts on topics that are familiar to him/her or in which he/she has a personal interest

04

Can describe experiences, events, desires and aspirations, as well as briefly justify their opinions or explain their plans

The second characteristic is the ability to know how to deal flexibly with everyday problems such as, for example:

- ♦ Confronts less common situations on public transport than the typical situations that arise when booking travel through an agency or when traveling
- ♦ Participates in conversations on regular topics without having planned to do so
- ♦ Is able to raise complaints
- ♦ Takes the initiative in an interview or consultation (e.g., knows how to initiate a new topic), yet is still noted to be dependent on the interviewer during the interaction.
- ♦ Knows how to ask someone to clarify or elaborate on what has just been said

“

Level B1 is the 4th level of the CEFR, and certifies a medium-high linguistic competence”

Structure of the Level B1 German exam

It consists of 4 parts:

Listening, Speaking, Reading and Writing

The total duration of the exam is 137 to 195 minutes, with the first three parts taking place one after the other (1st Listening, 2nd Writing, 3rd Reading). There will be a minimum of 20 minutes of rest between the first three parts and the 4th part (Speaking), which can be done on the same day, or on a different day, with a maximum limit of 7 days after the other block has been completed

Listening (Duration: 30-40 minutes)

Listening consists of 4 exercises, each of which is based on an audio recording that can be a monologue or a conversation between 2 or more people. Exercises include: multiple response, sentence completion, completion of charts, graphs or diagrams, and short answer in one or two sentences. In this part of the exam, it should be noted that accents from any part of the world can be heard, which adds a substantial degree of difficulty

Reading (Duration: 45-70 minutes)

It consists of 40 questions grouped in 3 sections. Each text is between one and two pages long and several questions are asked about it. The texts are excerpts from books, research articles, newspapers and scientific journals. The type of questions, as in the oral part, is highly varied: multiple answers, completing tables, graphs or diagrams, locating information in the text, indicating the writer's opinion, etc.

Writing (Duration: 50-70 minutes)

This part consists of two exercises, an essay between 80 and 200 words and another between 200 and 350 words. As a first draft a small report is usually requested on a piece of information provided to the examinee in any format (text, graph, table or diagram).

Regarding the 200-350 word essay, a piece of information is usually presented very briefly (a couple of lines), followed by a statement about it, and then the candidate is asked to explain whether they agree or disagree with the statement, briefly stating the necessary arguments. The second exercise accounts for two thirds of the "Writing" grade and the first exercise for one third.

Speaking (Duration: 12-15 minutes)

In this last part, a conversation is held with an examiner, and it is designed to be as realistic as possible. It is divided into 3 subsections. In the first, the candidate responds to personal, family and/or everyday questions. In the second, the candidate discusses a specific topic indicated by the examiner. In this case, the ability to produce a coherent and orderly discourse is valued. In the third and last one, both the examiner and the candidate have a conversation on a specific topic, where oral interaction and discussion skills are assessed. The entire speaking part is recorded for later review purposes.

Sections						
Duration	Skills	Observations	Items	Tasks	Time	Instructions
B1 137-195 minutes	Oral expression and interaction	Monologue and directed questions. Oral examinations must be recorded		Minimum 2	12-15 minutes	Instructions in mother tongue
