“

*An online examiner will assess all  
your language skills in line with  
Level A1 German"*

## What are the A1 Level Skills?

Level A1 (Access) is considered to be the lowest level of general language use, the point at which learners can interact in a simple way, can ask and answer questions about themselves, about where they live, about the people they know and the things they have, can make simple statements in areas of immediate need or on very everyday topics and can respond to such questions when they are put to them, rather than simply relying on a very limited, rehearsed and lexically organized repertoire of phrases used in specific situations.

At this level, as defined by the Common European Framework of Reference for Languages, students progress in language skills to develop what are considered "Basic User" skills with the ability to:

“ Prove your basic command of German thanks to this university exam”

01

Understand and use common everyday expressions and simple sentences to satisfy immediate needs

02

Interact in an elementary way as , long as the interlocutor speaks slowly and clearly and is willing to cooperate.

03

Introduce yourself and others, ask for and give basic personal information about your address, your belongings, and people you know

“

*At TECH you can take your exam from home, with a personal tutor and with all the guarantees of a 100% CEFR certificate”*

## Structure of the Level A1 German exam

It consists of 4 parts:

### Listening, Speaking, Reading and Writing

The total duration of the exam is 90 to 135 minutes, with the first three parts taking place one after the other (1st Listening, 2nd Writing, 3rd Reading). There will be a minimum of 20 minutes of rest between the first three parts and the 4th part (Speaking), which can be done on the same day, or on a different day, with a maximum limit of 7 days after the other block has been completed.

### Listening (Duration 30-40 minutes)

Listening. It consists of 2-4 exercises, each of which is based on an audio recording that can be a monologue or a conversation between 2 or more people. Exercises include: multiple response, sentence completion, completion of charts, graphs or diagrams, and short answer in one or two sentences.

### Example auditory comprehension task

Identify the main situation and/or idea. Text type: series of five monologues or short independent dialogues, e.g., advertisements, messages, short conversations, etc. Task type: the student must choose the correct graphic from the three options presented.

### Reading (Duration: 30-40 minutes)

It consists of 40 questions grouped in 3 sections. Each text is 100-150 words long and several questions are asked about it. The texts are basic and fictional, and have been specially designed for the test. The type of questions, as in the oral part, vary widely: multiple choice, completing tables, graphs or diagrams, or locating information in the text.

### Example of reading comprehension

Find predictable factual information in texts such as signs, advertisements, schedules, menus with some visual support. Type of text: signs, advertisements, etc. on an everyday topic with visual support. Type of task: multiple choice based on short texts that focus on certain information. The correct answer must be chosen.

### Writing (Duration: 30-40 minutes)

This part consists of two short essay exercises between 30-60 words. Usually, a piece of information is presented very briefly (a couple of lines), followed by a statement about it, and then the candidate is asked to explain whether they agree or disagree with the statement, briefly stating the necessary arguments.

### Speaking (Duration: 10-15 minutes)

In this last part, a conversation is held with an examiner, and it is designed to be as realistic as possible. It is divided into 2 subsections. In the first, the candidate responds to personal, family and/or everyday questions. In the second, the examiner and the candidate hold a basic conversation on a specific topic, where oral interaction and discussion skills are assessed. The entire speaking part is recorded for later review purposes.
